

Auto Express have tested various products in this months car care special and we are pleased to announce that we have come up trumps...

**In THE BEST Bumper Shine category  
CarPlan Original Black**

**not only got: ★★★★★**

**It was also crowned the WINNER making Auto Express Best Buy 2017**

*“Another long-running product that has been a regular top five finisher in our test, and has finally taken the win. KochChemie and AngelWax were the standout products on the trim panel, but Original was close enough that its significant price advantage and easy spray and leave application tipped the balance to give it the win. It may not have been as fast to apply as the leaders but it kept up with the competition during our tests. We also liked the dark, shiny finish it left when applied. It’s the best all-round choice.”*

**Original Black**

Original Black offers a quick and easy way to clean and polish plastic and rubber exterior surfaces. Ideal for use on trims, bumpers and tyre walls. Not only does Original Black leave a long lasting shine on any surface colour, it also actively protects against fading.
